

Mission Statement

To contribute to our community through the building of complex projects that benefit the public at large while providing an engaging, challenging, safe, and fun environment for our employees, who are our main asset, and catering fully to our clients' needs.

Vision:

Our vision is to be a model of excellence in the field of public contracting where mediocrity & lack of care for clients' needs rule; to deliver a first class contracting service to our clients; and to develop the full potential of our employees while treating employees, clients, and vendors courteously and fairly.

Core Values:

1-Excellence: We want to be the BEST at managing projects so effectively that our projects will look like well-choreographed ballets in all disciplines. We are a model contractor. Our office and field management are an example for others to emulate.

2-Good Work Ethics: We value smart hard work, dependability and team work. Good things do not come easy. We also encourage good work-life balance.

3-Care: We create a safe, stimulating, and pleasant work environment where our employees will enjoy spending the better part of their life.

4-Pioneering: In a field where the use of technology lags behind, we differentiate ourselves from the rest of the crowd by being pioneers in using the most advanced technological tools available in our field.

5-People Development through continued education: We encourage our employees to develop their full potential by creating challenging work responsibilities and encouraging continuing education.

6-Fairness: We treat our business partners fairly. We promote strong relationships with our vendors and subcontractors.

7-Courtesy and Respect: We value polite discourse. We treat our employees, our clients, and our business partners with courtesy. We respect our business partners and employees.

8-Honesty and Integrity: We are honest with others and with ourselves.

9-Leadership: We are all leaders at different levels. We value good leadership through knowledge, confidence, humility, and by example.
